

## FS2 Mathematics—Autumn 2

### Place Value– Numbers to 10

- Children can count the total number in the group up to 10
- Count to 10 forwards and backwards
- Children can represent up to 10 objects on a five frame

### Home learning ideas

- Hanging 10 items of clothing on a washing line and get the children to count them
- | Give the children 10 blocks in different

### Time– My Day

- Children order important times in their day and use positional language to describe when events happen. We need to teach children to begin to measure time in simple ways

### Home learning ideas

- Make a visual timetable of the important events at home i.e. waking up, brushing teeth
- Make a range of timers that measure

### Patterns

- Children copy, continue and create their own patterns. We will start with 2 items and then move onto move with more complicated patterns.

### Home learning ideas

- Provide some fruit in small pieces and allow the children to design their own fruit kebab.

### Number- blocks is a fun

### Vocabulary

Add + Finding a total by combining two or more numbers.

Subtract - Taking one number away from another.

Equals = Exactly the same amount or

### Shapes

- We will be recapping 2D shapes and talking about their different properties.
- We will also be exploring 3D shapes through block play and modelling. Children will get the opportunity to
